9.3 Resolution No. 11 - 2024/2025 to approve prequalification documents for public works construction project and request for proposals for lease-leaseback services for proposed Skyview Elementary's new 2-story building & kitchen expansion project.

Perris Elementary School District plans to add a second story and kitchen expansion to Skyview Elementary using the lease-leaseback construction delivery method. The project will involve many different challenges, such as construction logistics coordination, site infrastructure upgrades during school hours, and very reduced area available for construction staging. For these reasons, the District would like to select a Construction Manager to perform preconstruction services to ensure the project complexities are addressed and so that construction can begin as soon as possible. As a result of the project complexities and for the ability to establish a pre-negotiated Guaranteed Maximum Price (GMP), District staff believes the use of Lease-Leaseback delivery method is in the best interest of the District and the project.

Recommendation: It is recommended that the Governing Board adopts Resolution No. 11 - 2024/2025 to approve prequalification documents for public works construction project and request for proposals for lease-leaseback services for proposed Skyview Elementary's new 2-story building & kitchen expansion project.
